KINGSLAND SCHOOL
CHARGING AND REMISSIONS POLICY

Last Updated & Approved by Governors: NOVEMBER 2024

Out of school activities, off-site learning and residential visits are considered to be of vital benefit to the education of all pupils at Kingsland School.

No charge will be made for school activities except for the following:

- A charge for board and lodging costs during residential visits.

Full remission will be given to pupils whose parents are in receipt of Income Support, Working Families Tax Credit, Income Based Job Seekers Allowance or Disabled Persons Tax Credit. Details of this will be given when parents are informed about the visit.

Because we consider the area of social independence as crucial to the education of our pupils we have decided to ask for voluntary contributions from parents.

Letters will take the form of:

a) Requests for voluntary contributions on a termly basis to help cover the cost of day to day activities aimed at teaching independence skills in realistic settings and
b) Requests for voluntary contributions to help towards the cost of educational visits planned by class teachers for their group.
